Experience

Stealth / Co-founder, CTO

October 2022 – Present · NYC

- Backed by Sequoia Capital and the founders of Ramp.

Ramp / Senior Software Engineer

October 2021 – October 2022 · NYC

- One of three founding engineers who took Ramp Flex 0 → 1. Pushed the most code during my tenure.

Facebook / Software Engineer

June 2020 – October 2021 · Seattle

- Engineer on the Static Resource Delivery team. Rearchitected spritesheet delivery across all web interfaces at Facebook. Promoted to IC4 in one half.

Cornell AppDev / President

December 2018 – January 2020 · Ithaca, NY

- Led an organization of 50+ members, ran all general meetings, and oversaw all other team leads.

IDK / Developer

August 2019 – May 2020 · Ithaca, NY

- Poll your friends when you can't decide between A and B. Launched on iOS and featured in the Cornell Sun.

COP / Developer

November 2019 · Mountain View, CA

- Track price changes across all your favorite products. Finalist at the Y Combinator Hackathon.

DigitalOcean / Technical Writer

October 2018 – January 2019 · NYC

- Published an article to DigitalOcean explaining how to set up a Private Docker Registry. Viewed over 200k times.

Pixelcode / Co-founder

October 2018 – January 2019 · Ithaca

- Transform Sketch designs into pixel-perfect iOS code.

Education

Cornell University / College of Engineering

- Masters of Engineering: Computer Science
- Bachelors of Science: Computer Science

Stuyvesant High School
